Letter No. A.R.P.R 133/26-27 dated 2nd July 1927 from the Deputy Comr Shimoga — Points out that while his requisition was for repairs to in respect of six G.D. & Stations, sanction is accorded to the repairs of only 4 stations and requests sanction to the repairs to Bisale & Kalavarangan Stations executed at a cost of Rs 4 each

1) In our letter to the Residency dated 16th May 1927, these two Stations were shown as 'good' and not as requiring repairs. This is probably due to the fact that although the District Statement showed an amount of Rs 4/- under the column of repairs, the Stations themselves were shown therein as satisfactory under "Condition of Station" as having been repaired.

2) The Stations under reference ought not to have been repaired, before sanction was communicated. In the case of Kalangarayan Station, when the D.C. asked for permission to have the work of repairs executed, he was informed in this Office letter of 22nd January 1927 that "no action may be taken in the matter until it is sanctioned by Govt." Since he could have waited in the pres case also for orders

Sir,

Adverting to G.O.No. 4126-34/PP 14-26-28 dated 23rd June 1927 according sanction to the repairs needed to certain Trigonometrical Survey Stations, I have the honour to state that requisition was made for the sanction of repairs needed to the marginally noted Stations in this office letter No.A.6.P.R. 133/26-27 dated 10th January 1927 in forwarding the report on the condition of the Trigonometrical Survey Stations for the year 1926. Sanction has been accorded to the repairs needed to only 4 stations and the other two stations viz., Bisale and Kalavarangan have been left out. Necessary repairs were done to these two Stations at a cost of Rs 4/- for each station. Under these circumstances, the two accompanying bills for Rs 4/- each are forwarded for favour of sanction and issue of cheques in favour of the Amildars concerned.

Do dated 23/7/27

The Deputy Comr,
Shimoga District /

Sir,

With reference to your letter No A.6 P.R 133/26-7 dated 2nd July 1927 requesting sanction to two bills for Rs 4 each on account of certain repairs to the Great Trigonometrical Survey Stations Bisle and Malavaganga, I am directed to observe that the repairs in question were executed before sanction had not been sanctd by Govt & that was communicated.

I am further to point out that, although a sum of Rs 4/- was shown under the column "Estimated Cost of repairs" against these Stations in the list sent with your letter of the 10th January 1927, both these Stations were reported to have been repaired

7.8.27

contrary to the usual practice in such cases

and in good condition.

(Vide remarks under column "Condition of Station" in your report)

I am to invite reference to this office letter No. G 7747/P.P. 14-26-17 of 22nd January 1927 intimating that "no action (in the matter of executing repairs to the Kalingarayan Stream) may be taken until it is directed by Govt." and to enquire why in the present instance also the Taluk Authorities could not have waited to state clearly what necessity there was to anticipate sanction.

The favour of an early reply is requested.

I am,
Sir,
Your most obedient servant,

Sir,

With reference to your letter No. 1011/P.P 14-26-31 dated 23rd July 1927, re: the repairs to the Great Trigonometrical Survey Stations at Bisale and Kalavarangan, I have the honour to state that before the receipt of your office letter No.G. 7747/P.P. 14-26-17 dated 22nd January 1927 intimating that no action may be taken until it is sanctioned by Government, the repairs to the two stations under reference had been done as usual by the Amildars and the cost of repairs included in the consolidated report which was sent to you with this office letter No.A.6.P.R. 133/26-27 dated 10th January 1927. Under these circumstances the repairs done to the two stations under reference may kindly be sanctioned as already requested.

The instructions contained in your letters under reference have been noted for future guidance.

I have the honour to be,
Sir,

Sir,

With reference to your docket No.2134/ P.P.14-26-36 dated 8th September 1927 regarding the frequent repairs to the Great Trigonometrical Survey Stations at Bisale and Kalavarangan I have the honour to state that the Amildars of Tirthahalli and Honnali Taluks report that the said two stations are situated in the middle of the Jungle, that during the inspection time, the passage leading to the stations would be covered with bushes and trees every year, which will have to be cut and cleared, making the way possible by employing coolies. The detailed report received from the Amildars of Tirthahalli and Honnali are enclosed herewith for reference and return when no longer required. Under the circumstances reported, the charges incurred for the repairs of these stations may be kindly sanctioned as already requested.
